Your PayToday payment link is integrated and ready to accept N\$50 payments.

🔧 Setup Instructions

Local Development

```
# Install dependencies
npm install

# Start dev server
npm start

# Open http://localhost:3000
```

Build for Production

```
npm run build
```

Admin Dashboard

- **URL:** Click "Admin" button in nav
- **Password:** `hustleadadmin2025` (change this in production!)
- **Features:**
 - View all users (approved, pending, rejected)
 - Approve/reject payments
 - View revenue stats
 - Export user data to CSV

Important Before Launch

1. Change Admin Password:

- Open `HustleMatchNamibia.jsx`
- Search for `hustleadadmin2025`
- Replace with your secure password

2. Update PayToday Link:

- Already set to your payment URL
- Test it before going live

3. Enable Database (Optional):

- Currently uses browser `localStorage`
- For production, connect to Firebase/Supabase
- Data will persist across sessions

Quiz Categories

Users answer 8 quick questions:

1. What are your top skills?
2. When are you available?
3. What's your starting budget?
4. Where do you prefer to work?
5. Which category interests you?

Then they get **3 personalized hustle matches** with:

- Step-by-step setup guide
 - 7-day action plan
 - Cost breakdown
 - Difficulty level
-
